To Beautify Your Roof

Ruberoil Strip Shingles meet the most critical requirements of home builders and architects. Careful selection of raw materials, coupled with strict technical supervision over every detail of manufacture, assures for them the same high quality standard which has gained for Ruberoil Roll Roofing its enviable reputation maintained during the past quarter century.

From a decorative standpoint Ruberoil Strip Shingles are without a peer. A distinctive texture and a

pleasing color are imparted by the crushed natural slate finish in rich Indian red or cool sage green.

Ruberoil Strip Shingles are exclusively suited to roofs of every type—they impart character to the unspectacular dwelling and harmonize with the most elaborate mansion.

Ruberoil Strip Shingles and other Ruberoil Weatherproofing Products are carried by the leading hardware and building supply dealers in your community.

And He was Out o' Luck

THEY say once a farmer dies who worked for a Horse News Weekly. And he was as dignified as ever. So he grabbed a Carter and Harvard in the States. But he ran out of gas at a critical moment. And he was Out o' Luck!

Smart motorists there are who take a chance

with a battery that has no reserve power. And some day they will need a start to pull their motor out of a stall and the starter will report: "Nothing doing."

The Prest-O-Lite Battery uses less than one-fifth hundredth of its power reserve for a slight start and the generator quickly replaces that

Is a Woman as Old as She Looks?

These may later about the eyes, the flaccid cheeks, the drooping lips, the little bellows in the cheeks? Not always may they be translated into years gone by.

Often, they are signals of wear, not years—the ordinary signs of steady pressure.

Pyorrhoea is a disease of the gums which affects four out of five people over forty, and many under thirty, also. It begins with tender and bleeding gums, then the gums recede, the teeth decay and loosen, or must be extracted to rid the system of the Pyorrhoea germs which breed in little pockets about them.

It is to these infecting germs that medical science has traced the majority of thousands of men and women who should be in the prime of life today. Their weakened vitality, their lost resistance to disease, their migraines and pains, are the result of Pyorrhoea—not Age.

Keep your beauty and your health. Do not let Pyorrhoea get established in your mouth. Visit your dentist regularly for tooth and gum examinations, and clean, using Forhan's For the Gums today.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—or if used in time will cure completely. Ordinary dentifrices will not do this. Forhan's keeps the gums firm and healthy, the teeth white and clean.

How to Use Forhan's: The instructions on each tube say: "Use your toothbrush and a half inch of tube containing Forhan's toothpaste to brush your teeth and gums. Use a mirror to check the progress. Brush the gumline and back surfaces of the teeth. Massage your gums with your fingers around each tooth for one minute." It is a gentle treatment, but a most effective one.

If the gums are inflamed, use Forhan's For the Gums as directed. If the gums are healthy, use Forhan's For the Gums as directed. If the gums are inflamed, use Forhan's For the Gums as directed. If the gums are healthy, use Forhan's For the Gums as directed.

From the deep folds and softly cushioned surfaces of even the finest upholstery, all lint and dust may speedily be suctioned away by the air attachments of The Hoover. But for the vastly more difficult task of cleaning rugs, so as to prolong their life, The Hoover brings into play all three of its forces. Gently it beats out all nap-cutting, embedded grit. Briskly it sweeps up all clinging lint, crests matted nap and freshens colors. Vigorously it cleans by air. Only The Hoover discharges all these duties. And it is the largest-selling electric cleaner in the world.

Britain Abandon Mesopotamia?

Occupation the Lesser of Two Evils—Disaster Would Follow Withdrawal

BY J. H. HARRIS

THE British government's attitude towards Mesopotamia is a subject of great interest to the public. It is a subject which has been discussed in the past, and it is a subject which is being discussed again.

A general impression seems to be that the British government is considering the possibility of withdrawing from Mesopotamia. This is a subject which has been discussed in the past, and it is a subject which is being discussed again.

The British government's attitude towards Mesopotamia is a subject of great interest to the public. It is a subject which has been discussed in the past, and it is a subject which is being discussed again.
